The purpose of writing to the press is because I get no response from the Immigration Department and &#65533;warkahuntukpm&#65533; after writing my complaint to them. Two years ago, I just got my new international passport and I went to Singapore for my cousin&#65533;s wedding but unfortunately I got myself wet due to heavy rain. My passport was wet but it still looks good shape just for some watermark.&#65533; I was worried for the condition of my passport so I had to seek advice from the immigration office in Malacca. They told me to wait for a month for the result of whether the passport was still useable.&#65533;&#65533; They took my passport with them and asked&#65533;&#65533; me to wait. After a month, I got a letter telling me that I had to pay another RM300 for a new passport that would only be valid for 2 years. This punishment was too harsh and it was even worse than losing a passport. If I had known all this would happen, I wouldn&#65533;t have gone to seek the advice as&#65533;&#65533;&#65533; the passport was still usable. My uncle who had a wet passport and the condition was even worse than mine was able to use his passport to go to Singapore and Indonesia.&#65533; Two years ago I wrote as a Form 6 student and now I am writing as an undergraduate. I need the passport to continue my education or to work overseas. I felt&#65533;&#65533; that I had be victimized and&#65533; I&#65533;&#65533; really&#65533; felt&#65533; that I&#65533; had&#65533; be punished&#65533; enough as the passport that cost me three hundred dollars&#65533;&#65533; was only use&#65533; once. I hope that the immigration department will considerate and be kind enough to issue a passport for me that can last for five years and not two years. Being a undergraduate&#65533; in the&#65533; local university and am not working I sincerely hope the immigration&#65533; department&#65533;&#65533; will considerate&#65533; and let me apply&#65533; for a new&#65533; passport&#65533; that&#65533; for five years For 3 years that I had been punished, can I now apply for a new passport that gives me 5 years? Thank you From
