<p align="justify"><span style="color: black">The following below is my complaint that I emailed to Jusco (feedback@jusco.com.my) on 30th December 2007 with regards to a price discrepancy of a product that I bought from the above mentioned company. Until today they have yet to respond to my complaint. The price difference is very minor in today's terms (RM0.90) but it is in my humble opinion, if one person's difference is RM0.90, imagine what's the difference is like if 1000 people bought the same product from <span>♦</span>that one particular store and multiply this with the many branches of supermarket that this company has.</span></p><p style="text-align: justify" class="MsoNormal" align="justify"> </p><p style="text-align: justify" class="MsoNormal" align="justify"><span style="color: black">The amount would be very large. I'm not asking for a compensation of <span>♦</span>some sorts, all I'm asking is that a customer's right be respected and a big corporation like Jusco should be more responsible and not take lightly of any customer's feedback or complaints. Besides, I also demand them keep to their "We'll honour the lower price in case of any price discrepancy" tagline. Therefore I'm taking the next course of action, in forwarding this email to relevant bodies in the hope that they can alleviate this problem.<br /><strong><br /></strong><strong>NCCC's Action :</strong> This complaint was forwarded to the Ministry of Domestic Trade and Consumer Affairs for action abd below is the response from the Ministry.</span></p><span style="color: black"><p style="text-align: justify" class="MsoNormal" align="justify"><br /><u><strong>Complaint of Price Discrepancy</strong><strong>y</strong></u><br /><br />Tuan,<br /><br />Siasatan ke atas aduan pengadu telah dijalankan pada 8.1.2007 dan 9.1.2007.Pada 8.1.2008, harga barang yang diadukan telah turun kepada Rm8.39.
