Dear Kind Sirs,

Many times you have helped me in my difficulties with Dell, Celcom, and now Touch & Go. I believe you have helped many people too. You are truly the unsung heroes.
You do not reply much in mail but you awaken those responsible to attend immediately to us, left in dire straits. Please, I ask of you (both) this honour, to have lunch or dinner with me. I want to give you, my grateful thanks in person.���

On the 20/Jul/2010, I will be in KL. I am available for dinner and meeting with you sirs. If 20/Jul/2010 is not in your favour, please give me tentative dates & time, be it in Klang / PJ / KL. Please do not decline because this will be in my difficulty list and then I will seek your help again to solve this.

Looking forward very much for this meeting. Many thanks and have a wonderful weekend.

Kind regards
Joseph Clayton Vagues
