Hello,

i wanted to thank you for your help, because of which the packers sent almost everything to india. We are very happy to get our belongings back, and we know that without your timely help we would never have got them back. So we are extremely grateful to you and the NCCC. We wish you all the very best.&#65533; We wish the organisation, future success in protecting other consumers too, from unfair business practices.

Thanking you again,
with warm regards,
